The "Little Glant,"

AND COB

With Triple Setts of Crushers and Double Grinding urfaces.
The upparalelled success of the Little Giant during more than three years, time, and the Proprietors to consider it no longer an experiment, but a permanent and most decided "Institution." Its value to Farmers and Feeders became national and most decided "Institution." Its value to Farmers and Feeders became patent at an early period of its existence, and the demand for it was commensurate with its excellencies. Like all other articles, however, of sufficient merit to attract attention, it was soon beset with a crowd of opponents Sth. Duff's new form of Rank Check Book.

2th. Duff's rule for winding up dissolved artnerships.

10th Duff's Rules for adjusting deranged the Little Giant's imitators which it has not besten, whenever and wherever a fair test to attract attention, it was soon beset with a crowd of opponents detractors and imitators, all eager to sun themselves in the sunshine of its reputation, and fatten on its hard-earned fame. Met and vanquished at one point, they sprang up in another. With as much vitality, apparently, as if possessed with the nine fives of the cat. There is not one of the Little Giant's imitators which it has not besteu, whenever and wherever a fair test to be a sunshine of its reputation, and artnerships. and trial has been obtained; and not one that dare meet it fair and square in trial of merits at

11th. Practice in making out Merchants' in
At the State Fair of the following States, the past season, the First Premium was awarded the Little Glant, viz:

ILLINOIS, IOWA, MISSOURI, KENTUCKY. Appended is an extract from a Report of the trial at the Iowa State Fair, at Muscasine, on the 19th of October lastson the 19th of October lass:

"The Corn and Cob Mills were represented by the Little Giant, Excelsion Young America, and Star Mills, and an animated contest took place for the set of silver plates which had been placed at the disposal of the Society by James B. Cladwick, of St. Louis. In fifteen revoluis, with same team and quality of Corn, the Mills ground as follows:

"Little Giant,"
"Excelsior Young America," Seven-eights of one bushe!
"Star Mill,"
"Eive-eighths of one bushe!
"" The Committee unanimously awarded the premium to the "Little Glant."
SOME OF ITS MANY ADVANTAGES ARE: Incerased capacity, with diminished diameter, by the use of double cones, thus economizing the power employed, and spending the wear over so great a surface that it is bardly exceptible; even after grinding many thousand bushels.
 No oil or grease is required on any part of the machine, thus avoiding the possibility.

damage by careless attendance.
3. The Lever is attached to a separate piece or "driver," thus relieving the Mill from ritation caused by the weight of levers, and irregular strains when they are attached directly

to the grinding shell, as in other Mills.

4. The substitution of a strong box in place of legs, thus removing the liability of breakage of legs, and, at the same time, furnishing a safe reservoir for meal, without additional expense on 5. The superiority of the cob-breaking and crushing errangement, enabling us to so a large

5. The superiority of the cob-breaking and crushing strangement, enabling us to do a large portion of the work near the centre of the Mill, thereby saving power.

6. The great strength which is secured by the peculiar shape and arrangement of the whole, together with freedom from breakage or damage to the grinding parts, when nails, sticks, bricks, pebbles, or other hard substances liable to be found among corn, accidentally find their way into the Mill—a perfection arrived at from long experience in the composition of metal for this particular use,

7. Last, but by no means least, it is not injured by being allowed to run cripty.

To give the farmers some idea of the durability of this Mill we give one certificate from amongs, the thousands which we receive of equal merit and from men of the highest standing.

ongst the thousands which we receive of equal merit and from men of the highest standing. tend the following: BUFFALO FURNACE, GREENUP Co, KENTUCKY, March 11, 1857.

Hedges, Free & Co. (successors to Scott & Hodges,) Gincinnati, Oato.

GENTS:—Flease send us by Steamer Sciota, one of your fifty dollar Little Giant Mills and charge to our account. We got a piece of Pig Iron into the mill purchased from Measrs, Scott & Hedges last year and broke it. It had ground 22,000 bushels of corn and cob meal, and when we broke it, it was doing just as good work as ever. Please send immediately, and

A. E. VANDYKE & Co. This Mill is also furnished with an extra set of grinders for grinding soft corn. Any person wishing a Corn and Cob Mil will please address their order to Francis Weston, Augusta, Car-rroll county, Obio; who will furnish them with a mill at the shortest notice, and if the mill loss not grind as well as is represented in this notice the buyer is not asked to keep it. Philadelphia, 124 Mineral Point Hotel, from 9 a.m. to 3 r. m. 128 Carroll Co. Carrollton, Patton House, Holmes Co, Millersburgh, Empire House " 11-Columbiana Co., Salineville, Hillman House Dr. Dellenbaugh flatters himself that he can cure Chronic complaints of the oldest and most obstinate character. He uses no mer-

curial preparations, end only medicines that Dr. D., of Cleveland, is the son of the calebrated Dr. Bellenbaugh, late of Georgetown, who so successfully treated and prescribed for 267,000 patients during 25 years practice in

All diseares pertaining to Women and Children treated with great success by Dr. Della. Where Dr. D. prescribes for patients, his charges will be satisfactory: There is no one practising in Georgetown on the Dellenbaugh

system.

N. B. Dr. D. speaks the Germin' anguige.

'About two years ago my geteral health become much impaired, and it a short time there was an equation made its appears on my face and body assuming the very weat type of skin disease, (so called by the Dr'r.) My husband being a physician, tried different remedies, but availed notaing. I then applied to other eminent physicians, but got no relief. By this time my head and face was a mass of sores. I heard of Dr. D's great success in treating chronic diseases and diseases of the skin. I applied to him and in less than three months he had the cruption removed, and my general health improved under his treatment, so that I nower joy good health. In conclusion I would say, those suffering from a like disease, should apply to Dr. Dellembaugh.

Nov. 3.—td.

MRS. A. FOGEE.
